ABOUT US

Areavisaual is a creative content and production company that develops innovative and inspirational interactive new media, animation and live-action content. We have created and produced more than 650 hours of television programming and live broadcasts. Areavisaual has also co-produced and licensed both locally and internationally and has been nominated for children's television awards such as Prix Jeunesse Iberoamerica, Prix Jeunesse International and FanChile. One of our leading IPs "Ana Pirata" has been broadcast to 48 Latin American countries, including Brazil.

OUR OFFER

Inspired by decades in live theatre and event production, we utilize top 2D, 3D, AR and VR design talent to generate impactful interactive experiences that instill audiences with the value of diversity and a greater sense of their potential to change their reality.

OUR CLIENTS

Our clients include: Discovery Kids Latin America, RTVC (educational channels), Canal Tr3ce and Canal Capital.

OUR OBJECTIVES

To partner with interactive, animation and new media studios, as well as production companies in Canada who co-develop and/or co-produce innovative interactive, animation and live action projects across the globe, or who need to augment their creative talent for a specific project. We are also seeking producers interested in co-developing a project-specific investment proposal.
