ABOUT US

With over 13 years' experience in a wide range of industry verticals and more than 270 employees, Ceiba Software provides high-quality software development services mainly in the Latin American market. Highly-qualified, we were the first Scrum Alliance certified partner in Colombia, pioneered Agile software development in the country, are a Microsoft Gold Certified partner, and are CMMI Level 5 certified. Above all, we are passionate about transforming our clients' businesses with innovative software solutions.

OUR OFFER

In developing mobile and web-based/desktop solutions by applying world-class standards, Ceiba is an outstanding ally with a specialty in serving the insurance, healthcare, and financial services industries. We increase development capacity and decrease time-to-market in a high-quality, cost-effective way.

OUR CLIENTS

We have worked with market leaders in Latin America such as Sura (insurance), Sura Asset Management (investment and social security), XM and EPM (energy), Bancolombia and Davivienda (banking and financial services), EPS Sura and EMI (Healthcare), Nutresa (food and beverages) among other recognized companies in the region.

OUR OBJECTIVES

To build alliances with Canadian software development companies that are seeking to augment their teams with highly-skilled, experienced software engineers trained in Agile methodology.
