## ABOUT US

Conterra provides enterprise business technology solutions and managed services in Microsoft technologies to help customers efficiently harness these to grow their businesses. We provide our clients complete, end-to-end consulting throughout the project cycle - from pre-sale and negotiations, to project delivery and support. With 4 gold and 5 silver Microsoft Partner Network competencies, our team adheres to recognized best practices and has experience in running joint projects with Microsoft Services. Our mission is to help customers increase their Microsoft and cloud services ROI, and to mitigate the security risks associated with digital transformation.

## OUR OFFER

Our team integrates insight, innovation and expertise in Microsoft technologies to help customers harness the cloud with top-level infrastructure security solutions.

## OUR OBJECTIVES

To partner with Microsoft LSP and/or consulting companies that require external expertise on complex Microsoft technologies including identity management, hybrid datacenter, cloud security, and SharePoint development.
