ABOUT US

Mambo is a creative studio specializing in the production of infographics, commercials, motion graphics and 3D animations for educational, promotional and explainer campaigns, with a special emphasis on the e-content publishing, IT and biotech sectors. With main offices located in Cali, Colombia, we are a skilled team of artists experienced in interpreting the needs of and collaborating with high-value clients in international markets. We are also represented in the U.S. through our partner, Intercultural Productions, of Boston, MA.

OUR OFFER

Our high volume and rapid development capabilities enable companies to become more visible online, achieve higher brand-engagement, and develop accurate and entertaining educational materials.

OUR CLIENTS

We have worked with Cengage Learning, the International Federation of Red Cross and Red Crescent Societies, Boston Children's Hospital, Massachusetts Department of Transportation, Biogen, Shire, Hero Motocorp, SeriousFun Children's Network, among other internationally recognized companies.

OUR OBJECTIVES

To build alliances with medium-size to large-size Canadian agencies and production companies that specialize in corporate and educational animation content.
